

Hi Jennifer,

Jacob got the awesome patch from your department this week along with the card signed by your officers!! That was so nice of you to think of him in such a thoughtful way! Jacob was excited to get it and talked about how nice it was. I am including a couple pictures of some of his patches including the board yours is on. We are working on getting all the boards put on the wall. Thanks again for being so kind. I am also putting in a pic of Jacob.

Cynthia
