This year, empower your 11th grader to answer the demands of a complex economy with “I can.”

Join your student this spring at JA Finance Park® and watch them step into the future and get a look at what’s possible if they work hard and dream big.

NEXT STEPS:
- Contact your child’s math teacher to indicate your interest in being a part of the JA Finance Park® experience.
- Visit www.myJA.org/programs/financepark to learn more about the program, the facility, and to complete the volunteer registration form.
- Arrive 1-hour prior to your student:
  JA Finance Park® Prince George’s County
  960 Nalley Road
  Landover, MD 20785

AN EXPERIENCE UNLIKE ANY OTHER
Following the year-long quantitative modeling course, your student will put their financial skills to the test in digital learning of JA Finance Park®.

- Students will leave behind their lives as high school students and become adults with careers, families, salaries, a credit score, and financial obligations in the fully digital, innovative, hands-on environment of JA Finance Park®.
- JA Finance Park® graduates will make decisions using tablet computers on buying a home, purchasing and maintaining a vehicle, budgeting for student loans and health care expenses, and choosing child care, among other decisions designed to prepare them for the future.
- 90 percent of Finance Park graduates report that they felt significantly more confident in their ability to make the right choices in life after participating in the program.

WHAT DOES IT MEAN TO BE A VOLUNTEER AT JA FINANCE PARK®?
- The total time commitment is 5 hours, including a 1-hour training prior to your child arriving at JA Finance Park®.
- You will use your training knowledge to guide students through different phases of the day, which simulate real-world budgeting decisions, spending research, and bill payment.
- As you guide students through the digital simulation, you can share your own life experiences and help the youth to walk a day in your shoes. You bring the program to life.
