What does it mean to be a volunteer at JA Finance Park?

The total time commitment is 5 hours, including a 1-hour training the morning of your scheduled volunteer day.

- You will use your training knowledge to guide students through different phases of the day, which simulate real-world budgeting decisions, spending research, and bill payment.
- As you guide students through the digital simulation, you'll share your own life experiences and help them walk a day in your shoes. You bring the program to life.
- The experience of making real-life financial decisions in a risk-free environment lays the foundation for how students approach financial responsibilities in the future and navigate success in the dynamic global economy.
