

Press Release

Seka Nikolic (leading Bio-Energy practitioner) has been constantly publicised ever since her exceptional healing powers were discovered in 1983. Vogue, Tatler, The Telegraph, The Sunday Times, The Sun are to name a handful of publications that celebrate her gift, as well media coverage from Sky News, Horizons and The Paranormal World of Paul McKenna. It appears Seka's healing hands are not only renowned for curing countless conditions but also for treating many celebrities including The Royal Family.

Background

Seka arrived in England in April 1989. She is a graduate of Economics from Sarajevo University, and has become celebrated as a Bio-Energy practitioner not only in Europe, but throughout the world. Seka's healing abilities were measured by the 'Scientific Institute for Bio-Energy Research' in Milan and found to be the highest ever recorded.

With now over 20's years of experience she treats private clients at her own London clinic. Seka is widely referred by doctors, G.P's and specialists for M.E / CFS sufferers, cancer patients, sports injuries, emotional problems, allergies and much more.

Publications

Seka's enlightening first book 'You Can Heal Yourself' (Macmillan, 2005) has since been translated into French and Portuguese.

Plus her latest book "You Know More Than You Think' (Hayhouse, 2010) has now sold translation rights to 8 different countries worldwide.

Treatment

By passing her hands over the body, Seka can feel hot pain when diagnosing dis-ease. She immediately recognizes whether each organ in the body is healthy or impaired. Seka believes that wellness and illness are set by energetic frequency relationships within us, which resonate *more* or *less* coherently. For her, the task of healing is one of balancing those structural levels within the individual.

Testimonials
