Your ACT Score Report

Congratulations on taking a practice ACT! The experience of taking an ACT, combined with a thorough analysis and review of the test, form the core of any successful test preparation program.

A complete ACT consists of four tests – English, Mathematics, Reading and Science – each scored on a 1-36 scale. Your Composite score is the average of these four scaled scores.

For the optional Writing section, you will receive a raw score of 2-12 for each of 4 domains: Ideas and Analysis, Development and Support, Organization, and Language Use. The Writing score is the average of the four domain scores.

For each of the four tests, your report contains an Answer Breakdown and an Item Type Analysis. The Answer Breakdown provides your answer, the correct answer and the subject for each question. Here's the key for the Answer Breakdown section of the report:

Question	Student Answer
Red = Incorrect	'A-K' = Incorrect/Your Answer
Blue = Omitted	'.' = Omitted
White = Correct	'+' = Correct

The Item Type Analysis indicates your relative performance across subjects. Such analysis allows you to assess, for instance, your performance on Usage/Mechanics questions versus Rhetorical Skills questions on the English Test.

If you have any questions about your report, please speak with your teacher or program administrator.
