Learn Japanese and make lifelong friends through an unforgettable three weeks in Japan.

What makes Ayusa so special? We pride ourselves in not only teaching you Japanese but providing an immersive cultural experience where students will learn the cultural differences between America and Japan.

Exchange cultures with Japanese locals through volunteer activities and high school visits, all while improving your Japanese. Visit modern Akihabara and traditional Asakusa, take part in cooking and calligraphy classes, spend two nights with a local Japanese family, spend a day each at Tokyo Disney Seas and Fuji-Q Highland amusement parks, and much more.
