

8TH ANNUAL EANS YOUNG NEUROSURGEONS MEETING  
joint with the WFNS Young Neurosurgeons Forum  
23 - 24 March 2018 – Oxford, UK

## TOPIC: NEUROONCOLOGY

### Meeting Chairman:

Nicolas Sampron (EANS YN Committee Chairman)

### Programme Committee:

Andreas Demetriades (UK)  
Wouter Moojen (N)  
Martin Stienen (CH)  
Mirjam Renovanz (DE)  
Angelos Kolias (WFNS)  
Amro Al-Habid (WFNS)  
Florian Ringel (DE)  
Nicolas Sampron (ES)

THE EUROPEAN ASSOCIATION  
OF NEUROSURGICAL SOCIETIES

## PRELIMINARY PROGRAMME

### THURSDAY 22th March

**10.00-18.15** EANS Research Course

**18:30** Registration & Welcome (Nico Sampron, Spain)

### FRIDAY 23th March

**8:50-9:00** Welcome and introduction (Nico Sampron, Spain)

#### Neurooncology Basics (Moderator: W. Moojen, NL)

09:00-09:20 The 2016 WHO classification and its consequences (O. Ansorge, UK)

09:20-09:40 Molecular tumor evolution (C. Watts, UK)

09:40-10:00 Liquid biopsies in glioma follow-up – Present status and expected development (M. Broekman, NL)

#### Tumor imaging (Moderator: W. Moojen, NL)

10:00-10:20 New trends in MR imaging of gliomas incl. radiomics (R. Wiest, Switzerland)

10:20-10:40 Value of PET imaging for diagnosis, prognosis, and decision making (F. Ringel, Germany)

**10:40-11:10** Coffee break

#### Extent of resection in HGG – Moderated debate (Moderator: Z. Ram, Israel)

11:10-11:20 Subtotal resection matters (C. Watts, UK)

11:20-11:30 All or nothing (B. Meyer, Germany)

11:30-11:50 Discussion (Z. Ram, Israel)

#### Sponsored presentation

11:50-12:10 M. Sabel (Germany)

**12:10-13:10** Lunch break

#### 13:10-14:10 Break out session on recurrent glioma resection (4 Groups, case prepared by Z. Ram, groups: Watts, Ram, Sampron, Ringel)

Small groups, case-based discussion on treatment options, expert opinion

**14:10-14:40** Coffee break

#### Adjuvant glioma therapy (Moderator: P. Plaha, UK)

14:40-15:00 Current standard and ongoing studies for LGG and HGG radio- and chemotherapy (C. Watts, UK)

15:00-15:20 Tumor treating fields – concept and study results (Z. Ram, Israel)

15:20-15:40 Radiotherapy concepts for gliomas – Proton therapy an option? (S.E. Combs, Germany)

### Case discussions on complex gliomas (P. Plaha, UK)

15:40-16:40 Bring your own case

**16:40-17:10 Coffee break**

### Intraoperative guidance (Moderator: F. Ringel, Germany)

17:10-17:30 Any news in pre- and intraoperative mapping/monitoring? (L. Bello, Italy)

17:30-17:50 iMRI – future standard or niche concept (C. Malluci, UK)

17:50-18:10 Alternative techniques of resection guidance in HGG and LGG (K. Schebesch, Germany)

18:10-18:30 Intraoperative spectroscopy (K. O’Neill, UK)

18:30-18:50 My approach to eloquent gliomas (B. Meyer, Germany)

**18:50 Wrap up and end of day 1**

## SATURDAY 24th March

**08:50-09:00 Opening of day 2**

### WFNS Young Neurosurgeons session: Meningiomas (Moderator: A. Kolas, UK)

09:00-09:20 Skull base and non-skull base meningiomas in the elderly (T. Meling, Norway)

09:20-09:40 The EANO guideline on meningioma treatment (R. Goldbrunner, Germany)

09:40-09:50 Postoperative radiation of grade II meningiomas – pro (C. Hobbs, UK)

09:50-10:00 Postoperative radiation of grade II meningiomas – con (R. Rola, Poland)

10:00-10:20 Discussion

**10:20-10:50 Coffee break**

### 10:50-11:50 Break out session on acoustic neuroma – treatment modalities, surgical techniques (case prepared by J. Lehmberg, 4 groups: Lehmberg, Moojen, Metellus)

Small groups, case-based discussion on treatment options, expert opinion

**11:50-12:10 Coffee break**

12:50-13:10 Treatment strategies and challenges of intraorbital tumors (T. Meling, Norway)

### How I do it (Moderator: N. Sampron, Spain)

12:10-12:20 Insular glioma resection (L. Bello, Italy)

12:20-12:30 Mesial temporal tumor resection (B. Meyer, Germany)

12:30-12:40 Ventricular tumor resection (P. Metellus, France)

12:40-12:50 How I do it: Extended transnasal approach (J. Lehmberg, Germany)

**13:10-13:40 Lunch break**

### Case discussions

13:40-14:20 Bring your own case

### Brain metastases, tumor and epilepsy (Moderator: J. Lehmberg)

14:20-14:40 Surgery of brain metastases – indications and results (P. Metellus, France)

14:40-15:00 Update on radiotherapy, radiosurgery and fractionated radiosurgery for brain metastases (S.E. Combs, Germany)

15:00-15:20 Epilepsy-associated tumors (A. Parry, UK)

**15:20-16:00 Coffee break**

### Pituitary adenomas and pineal region tumors (Moderator: R. Rola)

16:00-16:20 Pharmacological therapy of pituitary adenomas – present standard and new drugs (M. Gurnell, UK)

16:20-16:40 Current aspects of surgery for pituitary adenomas (N. Sampron, Spain)

16:40-17:00 Indications and surgical techniques for pineal region tumors (TBC)

17:00-17:40 Case discussion on rare tumors (TBC)

**18:00 Wrap up of the meeting**

## **Networking Opportunities**

### **Thursday 22th March**

**18.30 – Welcome Drinks (Lady Margaret Hall)**

### **Friday 23th March**

**20.00 – Networking Dinner (Lady Margaret Hall)**

### **Saturday 24th March**

**18.00 – Farewell Drinks (Lady Margaret Hall)**
