About the Company:

Earthrise Space Foundation (ESF) is a Florida-based 501(c)(3) non-profit corporation dedicated to developing space technology in collaboration with industry and academic institutions. The main focus is to create technologies for commercial space transportation systems that focus on landing and operating on the lunar surface and other astronomical bodies, through low cost off-the-shelf reliable commercial space products, and support services. ESF efforts involve professionals from the aerospace industry working with aspiring engineers through challenging ventures, providing them with hands-on experience to prepare them for future employment in the entrepreneurial space & technical industry.

ESF Facility Location:

3251 Progress Drive
Suite D, Room 205
Orlando, FL 32826
