Dear West Coast CMU Alumni:

The School of Architecture and the Urban Design Build Studio (UDBS) are pleased to host two special events to coincide with REAL 2016 — a showcase of reality computing technologies — at Fort Mason on March 8-9.

CMU’s UDBS is an interdisciplinary collaborative of students, professors and allied professionals who work with community residents on implementation of appropriate, affordable, replicable design solutions for the benefit of the public-at-large.

Students exhibiting and presenting at REAL 2016 include those from the UDBS and IDeATe programs under the direction of John Folan, the T. David Fitz-Gibbon Professor of Architecture and founder and director of UDBS, and Reality Computing Teaching Fellow Pyry Matikaninen from the Robotics Institute.

The team is currently working on NAVADAPT — a prototype kitchen designed for disabled veterans that serves as a working laboratory exploring the potentials of emerging technologies in the design of human-centered environments.

Both events are free with registration and will take place at the same venue:
Greens Restaurant
2 Marina Boulevard
Fort Mason, Building A
San Francisco, CA 94123

**UDBS Presentation and Breakfast with Faculty and Students**

Please join us for breakfast and an exclusive, insider look at the research and work of UDBS faculty, students and collaborators. This will be an exciting opportunity to gain an in-depth look at the UDBS projects in the works.

**WHEN:**
March 9, 2016
9:00-10:30 a.m.

*Please note that this is a limited-capacity engagement and registration is required.

**Alumni Reception**

Please join us for a special reception to meet the faculty and students from the UDBS and the Robotics Institute. They will be on hand to discuss NAVADAPT, as well as their other current projects.

**WHEN:**
March 9, 2016
6:00-8:00 p.m.

R.S.V.P. with your availability to attend both events to Alli Frymoyer at frymoyer@cmu.edu or 412.268.4849 by March 4.

We hope to see you there!

Best regards,

Stephen R. Lee, AIA, LEED AP
Professor & Head
