community radio of the future

The FCC gave Lumpen Magazine an FM broadcast license. We built a community radio station that showcases the sounds that makes our city great.

The station has coverage in about half of the city of Chicago and some suburbs.

The signal reaches approx 2.3 million listeners and over 500,000 daily highway commuters with an estimated 30-50,000 listeners an hour between 7am - 7pm.
