

## Director's Message

I have been extremely fortunate in my coaching career to have worked with many top class professional players, both here in the U.S.A. and England. I can honestly say that seeing day to day, the enthusiasm, smiles, passion and enjoyment of our Murrieta Surf Club players as they make remarkable progress in their development as soccer players. This eclipses all that I have experienced before. The satisfaction of seeing ALL our players improve and develop as they take our Club into the highest level of competition, gives immense pride to myself and ALL our coaches. We are though, absolutely under no illusion, that we still have lots of hard work to do on a daily basis to keep improving the Club, both on and off the field. I can assure you all that we will work tirelessly to keep improving our elite program. As we move into the 2016/2017 season, we, like ALL youth soccer clubs/organizations will have to change and adopt the new rules and strategies brought in by the governing body of soccer here in the U.S.A.. The changes will not be easy and many players could be affected, but I want to reassure all our club members that any changes we need to make in playing rosters, will be in the best interest of the players only. We ask ALL our club members to be patient and support YOUR CLUB in this time of change.

I would like to extend a warm welcome to our new board members. This is an extremely important time in our development off the field, as the Club strives to improve and build the business side of our Club, both Competitive and Recreation. We welcome you all. I would also like to mention one of our new appointments, Gwynne Williams, who has joined the organization as MYSL Vice President and Murrieta Surf Director of Business Development with specific objectives to improve and develop our business, marketing and sponsorship sales. Gwynne brings with him a wealth of experience both at Youth Club and professional level, and both on and off the field. Gwynne would be delighted to hear from anyone in relation to sponsorship or marketing inquiries. I would also like to recognize ALL of our coaches who have done a remarkable job throughout the year and ALL can be immensely proud of their contribution in making our Club, without doubt, the "Premier Club" in the Valley. Lastly a big thank you to our President, Rob Hawkes, who has supported every request made to take the Club forward. He has indeed shown me he also has the vision, drive and desire to push myself, the staff and both the Club and Recreation program to achieve all OUR future goals.

Good luck for the 2016 season.

Steve Myles  
Director of Soccer

## Information / Contacts

# 2016

[www.surfsoccermurrieta.com](http://www.surfsoccermurrieta.com)

# Overview

The Murrieta Surf Soccer Club will provide a competitive soccer experience for the committed soccer player. As a club, we will strive to create an environment that will provide each player with a valuable learning experience, an opportunity to improve their soccer skills, an entry into higher levels of soccer, and a chance to be part of a premier program.

We will support these principles by improving individual skills through

- Well-structured practice sessions
- Playing games at the highest possible competitive level
- Increasing the tactical element of team play
- Using soccer as a tool to promote: fair play, self confidence, good social skills, and proper behavior.

Our organization's success will be measured by how well we accomplish our objectives, not by win/loss records. We will abide by the rules and regulations of the governing bodies associated with the leagues in which our teams play. Murrieta Surf strives to be a premier soccer program through the development, progress, and growth of our players. As a soccer club, we want to prepare them for the physical, mental, and emotional complexities of the game, as well as the disciplines and responsibilities of life after soccer. Player development is the primary objective of Murrieta Surf Soccer. This development breaks down into five components: Technical, Tactical, Physical, Social, and Psychological. As the age level increases, different components are stressed.

# Gaming Leagues

Murrieta Surf Club Teams play in the Southern California Developmental Soccer League (SCDSL).

The Southern California Developmental Soccer League (SCDSL) was created in 2011 to serve the needs of clubs looking to have the ability to control player and team environments. The League platform and format was collectively designed by coaching directors from some of the most respected youth clubs in the country. SCDSL Games are played throughout the Inland Empire, and brackets are generally grouped geographically. Usually travel is within an hour to most playing fields.

In addition to regular season games, SCDSL teams will play in showcase tournaments as scheduled by SCDSL committee. This provides teams and players an opportunity to play against teams they might not see during regular season play
