Discount car rental through AVIS using discount code #D374541. There is a complimentary shuttle from LAX terminals to the Marriott. A reduced self-parking rate of $12/day is available for those who are driving to the conference.

The Prostate Cancer Research Institute’s annual conference is the leading conference for prostate cancer education and support. The conference provides a weekend of educational sessions on treatment options, both new and of landmark importance, and addresses lifestyle and quality of life issues. Information is presented by world-renowned physicians and researchers. The keynote sessions are moderated by Dr. Mark Moyad, a leader in the fight against prostate cancer, who makes it personal and relevant to the patients in the audience. In addition, there are opportunities throughout the 3-day event to participate in Q&A sessions with the faculty, hear in-depth presentations about particular treatment options, attend support groups with other patients, and meet with various organizations and companies who provide services and products for prostate cancer patients.

For one weekend out of every year, PCRI holds a conference where patients gather together and collectively learn about the latest in prostate cancer care and lifestyle as well as treatments of landmark importance. The conference brings hundreds of patients, caregivers, support group leaders, and physicians together for a long weekend of lectures and interactive sessions.

Patients will interact closely with the world’s most knowledgeable physicians as well as recognized academic researchers, who have extensive experience or specialty in prostate cancer care and are from top notch medical institutions.

Our engaging faculty communicates this information in a way that the attendees can comprehend and apply to their own case, so they can take action. Over the course of the weekend, attendees often collaborate to help process and understand the wealth of information that is presented.

**Roundtable discussion:** A panel where conference faculty discuss their medical opinions on real clinical cases.

**Q&A with the Speakers:** Conference attendees may ask faculty specific questions in a more intimate setting.

**Ask the Experts:** 90-minute interactive sessions that focus on topics such as Medical Oncology, Urology, Radiation Oncology, Immunotherapy, nutrition, a prostate-friendly lifestyle and much more.

**Support Groups:** With the help of PCRI’s partners and professional facilitators, support group meetings are available to patients and their significant others.

**Exhibit Hall:** Ballroom where attendees view display booths and materials, interacting with representatives from exhibiting companies and partnering organizations.
