6th Austrian Economics Meeting Europe

May 20-21, 2022
Vilnius, Lithuania

held on the premises of this year's hosting institution
ISM University of Management and Economics

Call for Papers

The Austrian Economics Meeting Europe is an annual conference which provides a forum for scholars in the Austrian tradition to present their current research, as well as exchange and debate their ideas. The Meeting is an interdisciplinary conference, and as such, there is no set theme or field of study for submissions, as long as they stand broadly in the Austrian tradition. An overview of previous presentations can be found on our website.

The next meeting will be held at ISM University in Vilnius, Lithuania, on May 20 and 21, 2022. We invite scholars who are interested in presenting their research at the meeting to send us abstracts of their papers. We especially encourage submissions by graduate students and early career researchers.

The deadline for submissions is April 17, 2022

Please submit your abstract via the contact widget on our website www.aem-europe.com or directly to kisrael@uco.fr. Notifications for accepted submissions will be sent out shortly after the deadline.

In addition to the paper presentations, there will be keynote lectures delivered by professors Jörg Guido Hülsmann, University of Angers, France, and Aliaksandr Kavaliou, Belarusian National Technical University in Minsk, Belarus. The participation fee is €20.
