

Seventh Generation Institute presents

# Living With Beaver On Your RANCH

Workshops for <sup>mostly</sup> ranchers

Why you might *want* beaver (or not).

How to manage beaver to maximize the benefits and minimize the headaches on your operation.

- Minimize tree loss
- Minimize beaver-caused flooding
- Minimize blocked culverts and irrigation

But also...

- Maximize forage production
  - Stop or reverse erosion
- Maximize water available during droughts
  - More

What's the cost?

\$310/person for a two-day workshop with minimum attendance of 16, maximum of 24.

Travel costs and construction materials are extra and vary.

How do I find out more or schedule a workshop at my ranch?
