

Grace Fellowship Group Questions

1 Corinthians 6

1. What are some of the ways that we allow the self-indulgent mentality into the church today?

We determine to put ourselves first and selfishness creeps in. We want everything to match our preference.

2. What is it in the accusations of the devil that make them so convincing and result in discouragement?

They are true, apart from the work of Christ. So we are forgetful about the gospel and what it says of us.

3. How does the truth of being washed, sanctified and justified in Jesus impact your day-to-day life?

It gives me oxygen - I can face anything that comes my way knowing that I am secure in Christ.

4. What can we do to ensure we pursue reconciliation and avoid sin as individuals and the body of Christ?

Be reminded of the gospel and its implications for us - and have that reminder be in community. Challenging each other and encouraging each other.

5. Why would a church that is distinctive from the prevailing culture be important and actually appealing?

Because it would be revealing gospel transformation - money where our mouth is - and be such a starkly different environment people would notice.
