

## Grace Fellowship Group Questions

1 Corinthians 7:17-24

1. In what ways do you find yourself attempting to earn your justification before God?

*I try to accomplish all my choice spiritual disciplines, like reading Word and giving to the church... I try to be good toward others. All too often with a mind to earn my standing before God.*

2. How is being motivated FROM something more appealing than being motivated FOR something?

*The pressure is off and now life is more worshipful, celebratory.*

3. What does it mean for you to be owned by Christ? How does that impact your life day to day?

*It means I belong to him no matter what. This changes real life because I can live in the security of having a Savior and have different priorities and pursuits.*

4. If keeping the commandments of God is centered on loving our neighbor as ourselves, how can we actively and practically do it?

*For one I can actually get to know my neighbors. Then relate to them in kindness, giving gifts, serving them, be available for them. And these would be neighbors where I live, work and play.*

5. When we come up short practically living obediently like this, what is our hope?

*Our hope is that we still belong to Jesus and can get back up and try again.*
