

## Grace Groups Questions

1 Corinthians 11:2-16

1. What are the ways we make worship about ourselves and what is the lure in me-centered worship?

*Preference about types of music; worrying only about myself and not engaging listening to others; seeing church as inconvenient. The lure is that we become the priority.*

2. Why does the gospel and our union Christ transform us into Jesus-centered people?

*Because all we are and all we experience are from Christ - he is our hope.*

3. How do we go about making Christ the center of our worship as a church?

*Lifting his name, preaching Jesus, singing about Jesus, encouraging each other with the gospel.*

4. What is appealing about this Jesus-centered worship to an outsider?

*That there is something worthwhile other than self.*

5. What would spiritual renewal look like for you as we prepare for Revision 2017?
