

CITY OF DUNSMUIR

WASTEWATER DEPARTMENT

NEEDS YOU TO KEEP YOUR PIPES RUNNING FREE!!!

Fats, cooking oils, and grease are great for cooking but they also clog drain pipes and cause sewer pipes to back up AFFECTING YOU AND YOUR WALLET!

Cool down fats, oils, and grease left in cookware and pour into a can, NOT the drain! Then dispose of can in the trash when cooled

Wipe fats, oils, and greases off of cookware with a paper towel before washing
