Jumping Castles: The Town of Marana has established minimum insurance and coverage requirements for vendors to operate in Town parks. ONLY approved vendors are legally allowed to operate on Town property. No personally-owned jumping castles/inflatables are permitted in Town parks.

The Town does not allow the use of motorized amusements (trains, rides, etc.). Hoofed animals, water slides or pools are not permitted in Town parks.

Please Note: No electricity shall be provided by the Town for the use of a jumping castle/inflatable and a generator must be used for the electrical supply. Approved vendors are aware of this policy and will provide a generator.
