

SPS Summer Meeting

On Saturday, July 29, 2017, SPS members will enjoy a first-ever meeting site at the Spartanburg, South Carolina garden of Rick Davis. The day begins at 10 am.

Rick's suburban, subtropical garden includes 68 palm specimens, as well as many flowering plants. It's safe to say that if a hardy palm can be tried with a reasonable chance of success, then Rick is providing it with a great opportunity. His list, by genus and species/cultivar: *Butia* (5), *Chamaedorea* (2), *Chamaerops* (2), *Jubaea* hybrids (3), *Rhapidophyllum* (1), *Sabal* (14), *Serenoa* (1), *Trachycarpus* (7), *Washingtonia* (1). After a mild winter, expect to see them at their best!

Location

425 Harrell Drive
Spartanburg SC 29307

More gardens

For those who want to extend their horticultural visit before or after the SPS meeting, Rick recommends:

- [Hatcher Garden](#)
- [Spartanburg Community College Arboretum](#)
- [Susan Jacobs Arboretum](#)
- [Roger Milliken Arboretum at Wofford College](#)
- [Corporate Campus—Milliken Arboretum.](#)

We'd all like a garden and pool like Rick's. His palmy South Carolina garden is a new meeting site for SPS members. Photos: Rick Davis.
