- **Asset Based Fees** - Payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value and it is important that we pursue an increase in your account value through securities offering appropriate risk levels to your circumstances, including securities with appropriate liquidity and transparent market values.
- **Performance-based Fees** Payable Performance above the index (ACWI). Performance-based fees create an incentive to make investments that are riskier or more speculative than would be the case absent a performance fee arrangement.
