Dear Reader,

I first met Ashley Nader, in the fall of 2012 in Gainesville, Florida. After our initial encounter, I found a creative initiative and ambitious drive in Ashley. In the fall of 2013, I started a new project and brought her innovative mind-set and creative outlook onboard. Since, she has continued to help my brand grow in exponential ways.

Miss Nader not only helped with the development of my personal website, but also assisted in the site for *People Too Unlimited*, which is one of my personal books. Additionally, she assisted with the creation and implementation of my sister company, *Products On the Go, LLC*. She helped create the visual and aesthetic elements of the product design, content descriptions and packaging.

Ashley also optimized and unified my online brand through various social media channels. She updated my Facebook, Twitter and Google+ pages to create a universal online brand. Additionally, she served as the online voice of my company publishing content and updating social accounts on a weekly basis.

All in all, I know Ashley Nader has a very bright future ahead of her, and I am sure anyone can benefit greatly from the skills, knowledge and experiences she possesses. She has a mind of wisdom well beyond her years, which I know can be put to great use.

In short, I give Ashley Nader my highest recommendation, and can guarantee not only high-level work but also high quality work from this individual.

My best always,

Dr. B
