

Greece's Guilty Secret:

The FORGOTTEN CHILDREN of GREECE and Their Search for Roots, Reunion, and Identity

Linda Carol Trotter
The Eftychia Project

Linda Carol Trotter, a Greek-born adoptee, is the President of The Eftychia Project, a nonprofit organization that provides assistance and support, free of charge, to Greek-born adoptees searching for their roots and Greek families searching for their children lost to adoption. The Eftychia Project places a special emphasis on the thousands of Greek children adopted to the United States in the 1950s and 1960s. In addition to helping adoptees search for and reunite with their biological families, The Eftychia Project, in collaboration with MyHeritage, provides free DNA kits to Greek adoptees and Greek biological families. The Eftychia Project is also a fierce advocate on behalf of all Greek adoptees with the Greek state for their birth and identity rights, including transparency, unfettered access to birth and adoption records, and restoration of their Greek citizenship. Join us as Linda Carol Trotter sheds light on this sad period of Greek American history and South Bend's own connections to the forgotten children of Greece.
