Entry Fee

There is no day of registration. Everything is online due to Covid19. See below.

Per Week = We are targeting \$45 first race, \$20 each additional race. Will not exceed \$55 for first race and \$25 per additional race. Online reg provider may charge a service fee.

Subscription method – We are targeting \$135/month for one race per night and \$60/month for each additional race. Final prices will not exceed \$165/month for one race per night, plus \$75/month for each additional race per night. Basically, you get 4 weeks for the price of 3 (5 weeks in July!). Subscribers sign up once online and are automatically registered for their respective race choices each week so long as their subscription is paid/active. Subscribers are guaranteed a spot in their respective races each week. Renewal and cancelation policy at drivewayseries.com. Online reg provider may charge a service fee.

Juniors and full-time college students pay less. See drivewayseries.com for details.

NOTE: Holland Racing needs 150 subscriptions per month to operate. We will not start a month w/o 150.

Fine Print: Event sanctioned through USA Cycling. USA Cycling permit applied for. All USAC Rules in effect. Bicycles must be in working order. Approved helmets required while on the bike. Events held rain or shine. No refunds. Be nice to each other. Don't pee or change clothes in the neighborhood by the track.

Why do the races cost more this year? Because our usual six figure sponsorship budget has been cut by over 60% due to the economic fallout from Covid19. You can help us rebuild the Series and bridge the gap back to normal times by subscribing. You get 4 weeks for the price of 3 (bonus in July with 5 weeks!) and you help us have the capitol to be able to securely host the Series. Thanks for racing!

Covid19: When not racing please be socially distanced, wear a mask, and wash your hands often.
