

UPCOMING EXHIBITIONS @ BOSI CONTEMPORARY – AUG 27-SEPT 14

*"The Unconscious Lens"* by Alison Nguyen

***Unconscious Lens***

Bosi Contemporary  
August 27-30, 2014

On August 27, **Bosi Contemporary** will present *Unconscious Lens*, a group exhibition curated by Roya Sachs. This show's theme is an interesting one – each photographer is attempting to uncover the different realms of the Unconscious and Conscious world (revolving around Freudian theory) by using various techniques and concepts of their optical lens. Each photographer uses a different attempt, creating a unique collection of interpretations. Participating artists include Najib Aschrafzai, Rosanna Bach, Mike Fernandez, Gabriele Giugni, Alison Nguyen, and Anh Thuy Nguyen.

The opening night of the exhibition will include a unique performance of *La Mamma Morta* by Mithra Mastropierro and Katherina Tsirakis.
