Under California law, you may continue to receive physical therapy treatment services without a referral for a period of up to **45 calendar days or 12 visits**, whichever occurs first. After the initial period, a physical therapist may continue providing you with physical therapy treatment services only after receiving, from a licensed physician, surgeon, or podiatrist acting within his or her scope of practice, a dated signature on the physical therapist's plan of care indicating approval of the physical therapist's plan of care and that an in-person patient examination and evaluation was conducted by the physician, surgeon, or podiatrist. This is in accordance with state law, and is not subject to variability under your insurance plan.
