

## ***Glass Gathering Meeting Minutes***

4/11/15

9:00 – 11:30 am

Member Artist Studio Crawl

Event of this meeting was a studio crawl, visiting various members' and guest's studios in Houston.

### Summary of the Visit

Approximately twelve Glass Gathering members convoyed to various locations in Houston to visit member and guest studios. In the following order we visited Deborah Ellington, Richard and Patti Hinson, Ron Page and Robbie MacIver, ending at Richard Harding's location.

It was very informative to see the various ways in which these members had accommodated their workspace needs and to see the work in progress they are creating. Richard is moving in the future and is liquidating a very large amount of interesting glass and tools at very reasonable prices.

A number of members also turned in entry forms and fees for the Glass Gathering Art Show which takes the place of our May meeting on 5/9/15.

The visits were followed by lunch at a local restaurant.
