

Glass Gathering Meeting Minutes

3/12/16

10:00 – noon and 2:00 – 4:00 PM

Field Trip to John Barber's Studio with welding demonstration

This meeting was a field trip to John Barber's studio for a demonstration of welding techniques. 15 members and 4 guests attended this meeting. John covered various types of metals and ways to use them for stands and in glass art. He demonstrated arc welding and plasma-cutting, including proper techniques and safety gear with wit and humor.

See more of John's work at <http://johnbarberstudios.com/> To take a full class in welding from John check the Leisure Learning website under Home Improvement for his next scheduled class.

News and Updates

- No officer's meeting this month.
- This year's calendar includes a field trip to MFAH, field trip to Webster Presbyterian Church, history of glass, another mount making demonstration (this was very popular last year), and our annual Christmas Party.

Until next month, happy glass making!
