MEMBER PROFILE

The Leader Group, with our own modern fishing fleet (Port Fish, Viking Enterprise and associate vessel Northern Alliance), and the marketing company Aqualine Seafoods, is a major Canadian wholesale supplier of wild sustainable seafood products. Aqualine Seafoods, representing the Leader Group, can meet the needs of international clients for many types of premium quality seafood through our vast network of fisheries and processing facilities. Our major business is supplying frozen at sea (FAS) fish from two factory vessels: The Viking Enterprise belonging to Viking Seafoods Ltd. and the Northern Alliance belonging to Select Seafoods Canada Ltd. Our FAS vessels process H&T Hake, H&T Arrowtooth Flounder, H&G Pollock, and whole round Redfish. Our product range also includes wild Sablefish (Blackcod), wild Salmon (Sockeye, Pink, Chum), roe & caviar, Sardines, Herring, and fresh and frozen Groundfish from Port Fish. At The Leader Group we continue the family tradition to fish and process efficiently, so that future generations may do so as well.

-ASSOCIATION OF BRITISH COLUMBIA-

The Seafood Producers Association of British Columbia is an industry trade organization representing private companies that harvest, process and market all the main species of wild fish and seafood – more than 50 of them - caught in the pristine waters off Canada's Pacific coast. We are the largest organization of processors on the west coast of Canada offering the finest and most diverse selection of wild seafood in the world. As the collective voice of our members, we are committed to promoting healthy and sustainable commercial fisheries, economic viability for our communities, competitive market positioning, and of course, premium wild seafood from the Pacific Ocean to customers worldwide.
