ORDINANCE 2014-08

AN ORDINANCE OF THE CITY OF ENCINITAS, CALIFORNIA, ADDING CHAPTER 11.26 "SINGLE-USE DISPOSABLE BAG REDUCTION" TO THE ENCINITAS MUNICIPAL CODE PROHIBITING RETAIL ESTABLISHMENTS FROM PROVIDING SINGLE-USE CARRYOUT BAGS AND REGULATING THE DISTRIBUTION OF PAPER CARRYOUT BAGS

WHEREAS, the City of Encinitas, California (City) has a strong interest in encouraging the conservation of resources, reducing beach litter and marine pollution, and protecting local wildlife, all of which increase the quality of life of and promote the health and welfare of Encinitas residents and visitors;

WHEREAS, an estimated 20 billion single-use bags are used annually in retail establishments in California, but less than 5 percent of those single-use bags are recycled;

WHEREAS, there are approximately 300 retail establishments that have retail sales greater than $50,000 annually in the City which may distribute single-use, disposable carryout bags to their customers;

WHEREAS, it is estimated that 31.9 million single use carryout bags are distributed in the City each year;

WHEREAS, many of the local commercial and retail establishments use single-use carryout bags made from plastic or other materials that do not readily decompose;

WHEREAS, numerous studies have documented the prevalence of single-use, carryout bags littering the environment, blocking storm drains and fouling beaches, waterways and the ocean environment;

WHEREAS, plastic bags are a significant source of marine debris and are hazardous to marine animals and birds which may often confuse single-use, plastic carryout bags as a source of food and the ingestion of these bags by wildlife can result in reduced nutrient absorption and death,

WHEREAS, single-use paper bags made from renewable resources are more environmentally friendly than single-use plastic bags, yet the manufacturing, transport, recycling and/or disposal of paper bags require environmental resources;

WHEREAS, from an overall environmental and economic perspective, the best alternative to single-use plastic carry-out bags is a shift to using reusable bags;
WHEREAS, other jurisdictions in the state require retail establishments to impose a paper bag cost pass-through on customers that are provided paper bags, and this cost pass-through has been effective in generating a shift in consumer behavior toward the use of reusable bags and reducing single-use bag distribution and use; and

WHEREAS, this Ordinance allows customers to avoid this cost pass-through by using their own reusable bags;

WHEREAS, the cost pass-through is not a fee subject to Proposition 26 because the monetary proceeds from the collection of the paper bag cost pass-through will be retained by the retail establishments and this Ordinance does not specify how the retailers must expend the monies collected;

WHEREAS, a paper bag cost pass-through is an essential element of this Ordinance because it is intended to provide a disincentive to consumers to request paper bags when shopping at regulated stores and to encourage a shift towards the use of reusable bags;

WHEREAS, there are several alternatives to single-use carryout bags available, including reusable bags produced from sustainable materials;

WHEREAS, the City has determined that the proposed Ordinance is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Sections 15307 and 15308 of the CEQA Guidelines.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ENCINITAS DOES ORDAINS AS FOLLOWS:
