ORDINANCE NO. 3553
ORDINANCE OF THE MARIN COUNTY BOARD OF SUPERVISORS
REGULATING RETAIL ESTABLISHMENTS PROVISION OF SINGLE-USE CARRY-OUT BAGS

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN ORDAINS AS FOLLOWS:

SECTION 1. FINDINGS.

WHEREAS, the use of all single-use shopping bags (plastic, paper, biodegradable) have severe environmental impacts, including greenhouse gas (GHG) emissions, litter, harm to wildlife, ground level ozone formation, atmospheric acidification, water consumption and solid waste generation; and

WHEREAS, there are approximately forty (40) retail establishments or stores as defined herein in the unincorporated portion of Marin County, most of which provide single-use, disposable carry-out bags to their customers; and

WHEREAS, many of these single-use carry-out bags are made from plastic or other material that does not readily decompose; and

WHEREAS, approximately Nineteen Billion (19,000,000,000) single-use plastic bags are used annually in California but less than 5% are recycled; and

WHEREAS, numerous studies have documented the prevalence of single-use plastic carry-out bags littering the environment, blocking storm drains and fouling beaches; and

WHEREAS, the County of Marin’s taxpayers must bear the brunt of the clean-up costs of this litter; and

WHEREAS, plastic bags are a significant source of marine debris and are hazardous to marine animals and birds which often confuse single-use plastic carry-out bags for a source of food resulting in injury and death to birds and marine animals; and

WHEREAS, of all single-use bags, single-use plastic bags have the greatest impacts on litter and marine life; and

WHEREAS, the use of single-use paper bags result in greater (GHG) emissions, atmospheric acidification, water consumption, and ozone production than single-use plastic bags; and

WHEREAS, from an overall environmental and economic perspective, the best alternative to single-use plastic and paper carry-out bags is a shift to reusable bags; and

WHEREAS, there are several alternatives to single-use carry-out bags readily available in the County of Marin; and

WHEREAS, an important goal of the County is to procure and use sustainable products and services; and
WHEREAS, it is the County’s desire to conserve resources, reduce the amount of GHG emissions, waste, litter and marine pollution and to protect the public health and welfare including wildlife, all of which increase the quality of life for the County’s residents and visitors; and

WHEREAS, studies document that banning plastic bags and placing a mandatory charge on paper bags will dramatically reduce the use of both types of bags.
