

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
ADDING CHAPTER 10.43 TO THE MONTEREY COUNTY CODE RELATING TO
SINGLE-USE CARRYOUT BAGS, RECYCLED PAPER BAGS, AND REUSABLE
BAGS**

County Counsel Summary

This ordinance adds Chapter 10.43 to the Monterey County Code to prohibit certain types of retail establishments within the unincorporated area of Monterey County from providing thin-film plastic single-use carryout bags to customers at the point of sale. This ordinance also requires retail establishments to charge a minimum of ten cents to provide a recycled paper bag or reusable bag to a customer, with exceptions made for customers who participate in certain governmental or non-profit programs. These regulations apply to retail establishments that sell perishable or nonperishable goods including clothing, food, and personal items and do not apply to restaurants, take-out food establishments, and wholesale agricultural produce packing and shipping businesses. A six month "grace period" is incorporated into the ordinance to allow retail establishments time to make necessary arrangements for compliance and to expend current stocks of plastic single-use carryout bags. The regulations would be enforced under the Monterey County Code.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1: Chapter 10.43 is added to the Monterey County Code to read as follows:

**CHAPTER 10.43
USE OF SINGLE-USE CARRYOUT BAGS, RECYCLED PAPER BAGS, AND
REUSABLE BAGS BY RETAIL ESTABLISHMENTS**

10.43.010 PURPOSE AND FINDINGS.

A. The purpose of this Chapter is to ban thin-film plastic single-use carryout bags and prohibit the free distribution of paper bags or reusable bags by certain types of retail

establishments in the unincorporated area of the County of Monterey in order to reduce litter and protect the natural resources and environment of Monterey County.

B. Pursuant to Article XI, section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety and welfare of its citizens.

C. This ordinance protects and promotes the public health, safety and welfare by prohibiting the use of single-use carryout bags by consumers and promoting a shift to reusable bags and overall reduction of bag use at certain types of retail establishments.

D. Single-use carryout bags contribute to environmental problems, including litter in storm drains, creeks, the Monterey Bay, and the ocean and environmental impacts caused by such litter.

E. Monterey County is home to unique environmental resources, including the Monterey Bay National Marine Sanctuary and Elkhorn Slough National Estuarine Research Reserve. Bag litter that enter these and other coastal habitats of Monterey County can as a result of ingestion or entanglement adversely affect sensitive species that inhabit these coastal and marine environments, including leatherback sea turtles, seals, fish, sea otters, and bird species.

F. Reducing the amount of single-use carryout bags in unincorporated Monterey County would result in an incremental reduction in the amount of litter that enters the storm drain system and local waterways, thereby improving water quality and natural resources within Monterey County and surrounding areas outside of Monterey County's jurisdictional boundaries.

G. Prohibiting specified types of retail establishments from using thin-film plastic single-use carryout bags and requiring a charge for recycled paper bags and reusable bags will reduce litter and benefit the environment by encouraging customers to use reusable bags and to reduce overall bag use.

H. This Board does, accordingly, find and declare that it should restrict single-use carryout bags and require a charge for recycled paper bags and reusable bags.
