

british flowers chart

Passionate about British-grown flowers and flowering foliage? Then you will love New Covent Garden Flower Market!

As the UK's largest Flower Market, we are the hub for hundreds of varieties of British flowers and flowering foliage supplied by growers across the country. This chart gives you an insight into just some of the varieties available during the year. Flowering can be brought forward by warm, bright weather or delayed by cold, dull conditions, so all dates are down to Mother Nature.
