### WHY HANDPICKED?

*"It consistently brings in high-end clients and is an excellent networking opportunity."* - Gwyn of Bittersweet's, 4-year vendor  
Founded in 2013, Handpicked | A Bridal Event is a unique bridal show experience highlighting the work of local boutique-style businesses. Engaged couples attending a Handpicked Event enjoy a styled shoot-esque cocktail party environment while mingling alongside talented vendors showcasing their editorial wedding skills. Handpicked truly is wedding planning at its finest.

### MARKETING

We do our part to show you off with a full social media plan, individual blog posts about each vendor, local advertising and giveaways - the whole shebang!

### QUALIFIED COUPLES

Unlike most bridal shows, all couples attending have purchased a ticket. Our attendees are college-educated, engaged couples with a wedding budget of \$40,000+.

### RECOGNITION

Your name and information are seen on the Handpicked site, as well as in our Field Guide and Map handed to every attendee the day of the event.

### INSPIRATION

All vendors are encouraged to create their spaces based on the professionally curated design - bringing a chance for you show off your skills without client limitations.

### NETWORKING

When mingling alongside fabulous, like-minded business owners - referrals and collaborations are bound to happen!

### FAB PHOTOS

Post-event, all of the inspiration-based photos are yours to use for marketing to show off your best work!

### FEATURED ON

*"We love beautifully styled shoots and bridal shows! So when we saw this gorgeous event... we just had to share."*
