

Introducing electronic check-in with Phreesia!

At the Hutchinson Clinic, we're investing in technology to better serve you. We recently partnered with Phreesia, the nation's leader in patient intake management, to make your visit faster and easier.

Phreesia enables us to provide you with:

- A streamlined, easy check-in experience using the PhreesiaPad
- Less time spent waiting or filling out paperwork—and more quality time with your provider
- The ability to pay co pays and balances privately and securely, along with flexible payment options to meet your needs
- The option to view additional, informative content relevant to you

Interested in **pre-registering** for your appointment using your home computer or mobile device? Make sure we have an up-to-date and accurate email address! Electronic check-in allows us to provide you with a better care experience. It's just one of the ways Phreesia and the Hutchinson Clinic are putting patients first!
