

## Ideological and Non-Ideological Mass Shootings in the US since January 2015

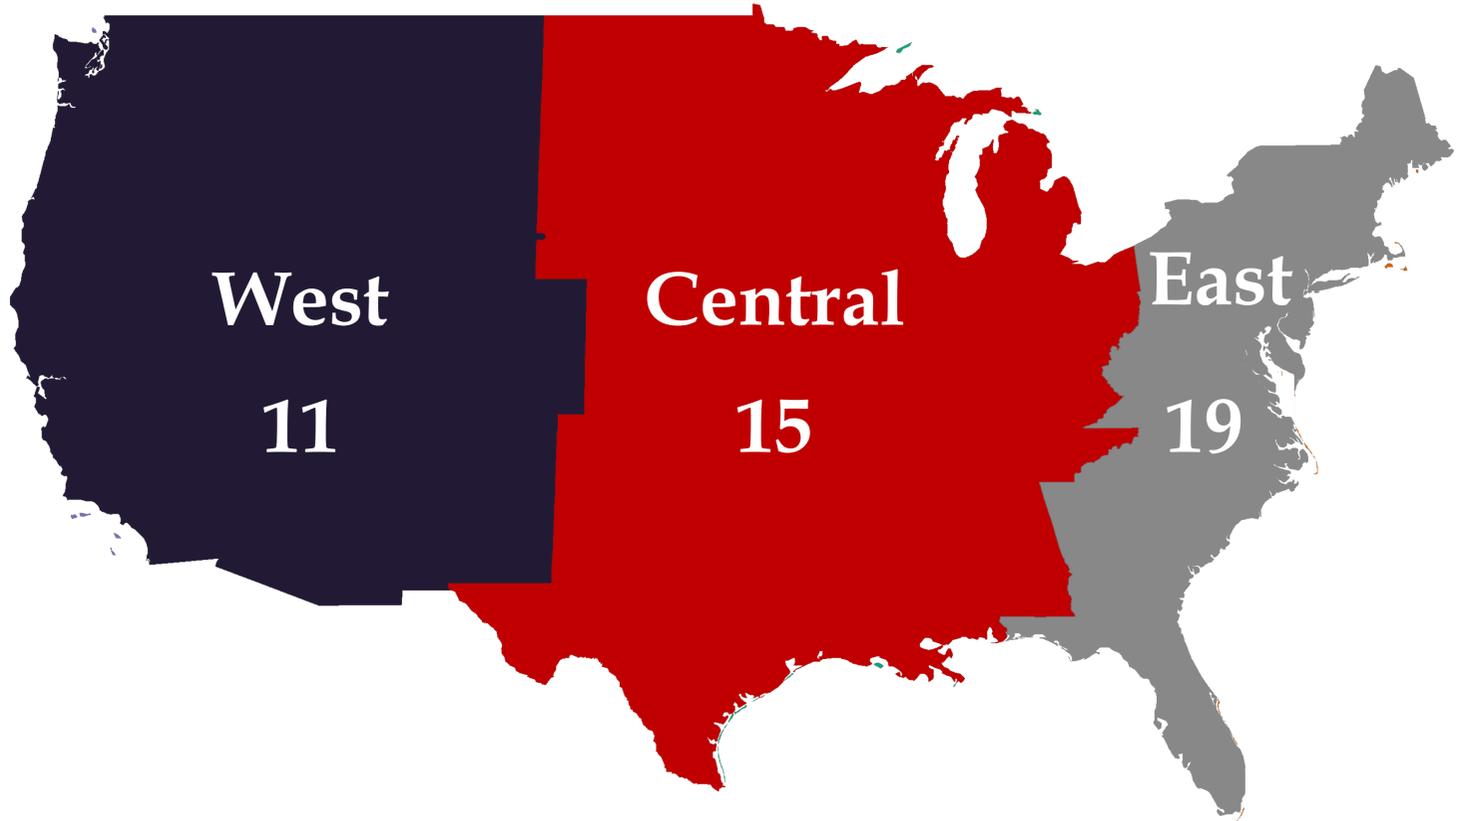

**381**  
victims killed or injured

**5**  
shootings in NJ, NY, and PA

**11**  
of 58 offenders were ideologically motivated

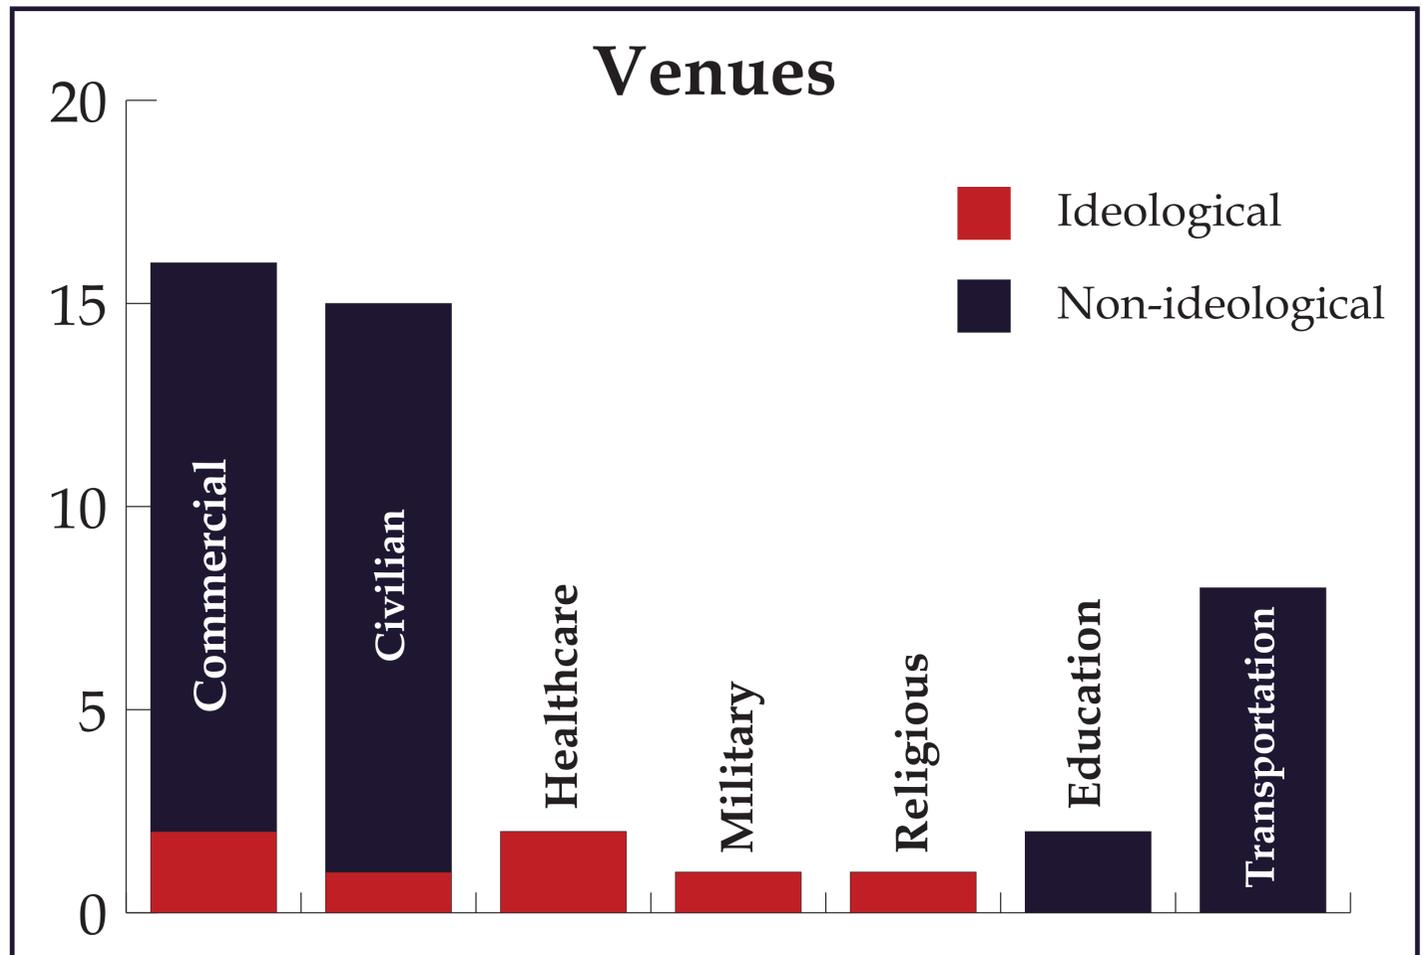

**98%**  
of offenders were male

**76%**  
of incidents involved lone offenders

**7** ideological mass shootings

**38** non-ideological mass shootings

**Ideological** - An incident in which an ideologically motivated offender(s) kills or attempts to kill three or more victims with a firearm in one or more locations in close geographical proximity.

**Non-Ideological** - An incident in which an offender(s) kills or attempts to kill three or more victims with a firearm in one or more locations in close geographical proximity. *This excludes criminal activity and domestic violence.*
