

DEDICATED CONTRACT CARRIAGE

Cadence Premier Logistics Dedicated Contract Carriage (DCC) provides solutions for our clients in providing a dedicated fleet and quality trained drivers as an extension to their business without the investment and heavy burden of managing a personal fleet and team. Our late model equipment, technology, extensive safety standards and thoroughly vetted drivers provides quality and reliability for on-time service. Outsourcing your fleet operations allows our clients to concentrate on their business and invest in their core needs while we improve your distribution efficiency. Let us take the cost and burden of the investment of eliminating fleet cost, hiring and training drivers, maintenance, insurance, eliminate burden of DOT regulations and allow us to provide safe quality solutions as an extension to your business for on-time reliability and safety. Our Dedicated Contract Carriage services extends the needs of your business within a 500-mile radius of Chicago for OTR services, expedited needs and Local Cartage service in and around Chicago.

- Cadence owns, manages and maintains the equipment, drivers, technology and liability
- Safety and regulatory compliant with a satisfactory safety record
- Beautiful, late model and well-maintained van/refrigerated equipment
- Regulatory compliance with the highest safety standards
- Environmental concern and fuel efficiency as a SmartWay Transport Partner
