

Things You Should Know About the Chinook Book App

The Basics

1. **Paid users receive new offers in the app every month.** On top of that, free offers are added every 60 days!
2. **Your subscription is good in all 5 Chinook Book markets:** Denver, Minneapolis, Portland, San Francisco, and Seattle.
3. **Save coupons for later by Favoriting them** (tapping the heart icon). All of your Favorites are available from your home screen.
4. **Filter and Sort:** When viewing a list of merchants, tap the orange bar to filter and sort your coupons by business type, what's nearby, what's expiring soon, and more.
5. **View coupons nearby.** Tap the pin in the upper right corner of your app to view your coupons on a map and browse nearby neighborhoods. Your Favorite businesses will be identified with a heart.
6. **Refill your offers.** When you refill your Full Access subscription using a code from a fundraiser, all of your redeemed coupons will reappear (as long as they haven't expired), and you will restart your 12-month subscription the day you activate your new code.

Other cool features

7. **Track your savings in the app.** To see your history of savings, tap on the menu icon and then **My Savings**. From there, you can review AND edit your individual transactions to reflect your true savings.
8. **Share a 30-day trial with a friend.** If you're a paid subscriber, tap "Tell A Friend" on any Full Access coupon or tap **Give a Trial** in your Left Menu. Whenever someone activates a trial you've shared, 30 days will be added to your subscription. **There is no limit.**
9. **Share your account with up to three devices!** That's right, you can share your subscription with a spouse, friend, or kid! Watch out though, they might take your free slice of pizza at Whole Foods :-)
10. **Save a shortcut to your primary grocery store** on your home screen.
