What We've Achieved

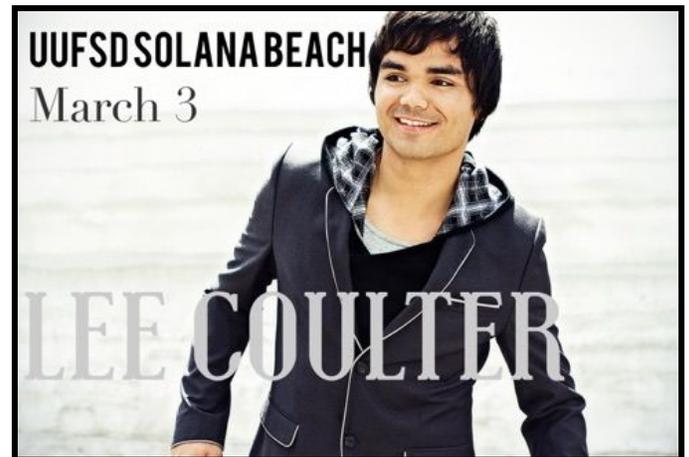

CASAS DE LUZ PRESENTS... LEE COULTER!

The high school intern team is kicking off 2018 with our largest fundraiser of the school year! On the evening of March 3rd, musician Lee Coulter will be partnering with Casas de Luz to hold our second concert at UUFSD. Lee Coulter's soulful acoustic performances and powerful songwriting have landed him openings for Tom Jones, Chuck Berry and Martin Sexton, and stage time with Jason Mraz. Sirius XM's Coffee House channel also dubbed him the discovery of the year. Along with a night of modern music, we will be holding a silent auction, and will have complimentary desserts at intermission. Drinks will also be for sale.

WHEN: Doors open at 6, music starts at 7!

HOW: Tickets on sale at door or on sale online!

FIRE RECOVERY IN TIJUANA

On December 7, 2017, 21 homes in El Aguaje de la Tuna, Tijuana, Mexico, were consumed by a fire, along with one additional family home in Cumbres, displacing 25 families and leaving them homeless. A neighbor's trash fire went out of control due to the day's high winds, leaving the affected houses and their owners helpless against its detrimental effects. Currently, houses are being rebuilt with roofs constructed from the tarp donations, and families are staying warm this winter with the blanket donations. Some families are struggling more than others, generating a continual need for tarps, blankets, windows and other building supplies. The families that have had the blessing of the ability to begin rebuilding are still in need of furniture and kitchen items to transform their house into a home.
