YORKS CAFÉ AT IKON

Welcome to Yorks at Ikon, we have created this space with you in mind to be able to relax and enjoy one of Birmingham's finest landmarks. Our inimitable brunch menu has become a mainstay of Birmingham culture for a number of years and we really love serving the people of this city.

One thing that we have had requests for have been the Pizzas that we used to do at the very first Yorks on Newhall St.

So here we are, the finest contemporary art gallery in Birmingham, first city-born coffee roasters, the best of our breakfast, brunch, lunch & later menus, pizza, and quite possibly the coolest people watching space for miles.

HOW IT WORKS

1. Make a note of your table number
2. Place your order at the bar
3. To keep everything as fast as possible, your food will arrive as its prepared

Our coffee is roasted by two guys, Richard and Eric (Elliot) who source, cup, roast and bag up the coffee themselves. They are always looking to develop and refine the offering in store and pride themselves on tinkering with the profiles constantly. Ask the resident baristas what is currently on offer and feel free to purchase either in store or online.
