

Southern Region

Welcome to the Southern Region!

The Florida, Mid-South, Southeast, and Southwest districts of the UUA have united as the UUA's Southern Region with eight field staff and an administrative team serving the region's 240 congregations.

If you choose to serve in this area of the country, you would not be alone in your work. We are partners with religious professionals in helping congregations be the best that they can be. We have opportunities for individual and congregational development all across the region including our week long "Leadership Experiences".

We would work with you to develop programming for clusters of congregations enhancing their relationships with one another and bringing leadership development close to home. We also help guide people to connect across local and state lines if there are common ministry opportunities.

We truly believe that we are better together and would be delighted to build a relationship with you. We would welcome your gifts, strengthening the ever growing tapestry of leaders that make up the Southern Region.

Sincerely,

Kathy Alden McGowan
