

Joys, Sorrows...

Caring for each other is what we do.

The Loving Hearts & Helping Hands Pastoral Care Team at UUTC can offer assistance if you or a family member experience one of life's many ups and downs, such as hospitalization, an accident or becoming homebound. We are ready to lend a hand or a listening ear, provide a meal, or offer a ride to a medical appointment. We are available to visit homebound, sick, injured, or hospitalized UUTC members.

To make sure that we are meeting needs within the congregation, please tell a member of our team or the Minister about any concerns such as illness, surgery, or a death regarding church members or friends. **We maintain confidentiality.**

We welcome the opportunity to become a caring friend. Please do not hesitate to call or talk to one of us if we can help. LHHH members can be identified by red hearts on UUTC identification badges.
