

Religious Exploration..

... It's in our DNA!

The Adult Religious Exploration Team at UUTC provides members and friends with programs and materials that affirm and promote a free and responsible search for truth and meaning, expand intellect, encourage spiritual development, promote the Seven Principles of Unitarian Universalism, and support fulfillment of the social and cultural initiatives of the Unitarian Universalist Association.

From “Wonderful Wednesdays” to “Christians in Exile”, from “The Art of Being Group” to “The Power of Myth”, the opportunities made available to our members and friends to explore are truly unique. More is always in the works.

If you are a spiritual explorer and want an opportunity to contribute to UUTC congregational life in a meaningful way, please consider the UUTC Adult Religious Exploration team as a great opportunity to engage in a fun and interesting way.
