Meet the Board p. 5
Permian Basin p. 13
Mock Dig p. 19
Hello SGS members! I hope all of you had a wonderful summer spending time with your friends and families! As I write this message, we are experiencing 100+ degree days, but hopefully the temperatures will have moderated by the time you read this. One good thing about these high temperatures is that electric power generation is at a peak which is good for natural gas demand and prices.

My sincere appreciation is extended to our board members whose term ended this summer. Gary Abrams, Bezany Branton, and Michael Danos served our society well over the last 3 years. I would also like to welcome the new board members for 2023-2026: Bezany Branton, Kevin Hill, and Mark Moore. I am sure they will do an excellent job serving the SGS!

Our new 2nd Vice president, Bobby Raines, will be coordinating this year’s speaker program and he is working on an exciting lineup! If you have any suggestions for upcoming speakers, please contact Bobby. You don’t want to miss our September lunch meeting. Our speaker will be Amy Close who will be giving us a Permian Basin overview. The title of her presentation is: The Permian Basin: A World-Renowned Oil and Gas Producing Region.
The annual ALTAPL – SGS Golf Tournament will be held at East Ridge Country Club on Friday, October 6th, 2023. This is always a well-attended event, and I encourage all of you to support by sponsoring and/or playing. There will be a morning and afternoon flight.

On another note, in a cost savings move, the SGS Board has decided that effective January 1, 2024, we will go to a digital only monthly bulletin and will no longer produce the printed version. When you renew your SGS membership, please make sure you update your email address if necessary.

Lastly, I am honored to be your president for the upcoming SGS 2023-2024 calendar year. As many of you know, 2024 will be the 100th anniversary of the Shreveport Geological Society! To get our anniversary year started in style, our October lunch meeting will be held as a dinner meeting. The date has been set for Friday, October 20th, and it will be held at the Petroleum Club. Please plan on bringing your spouse or significant other for an evening of fun and fellowship. More details will follow in next month’s bulletin.

All the Best!

Kurt

Seeking Opportunities in Texas, Louisiana, Arkansas, Mississippi, and New Mexico
Meet The Board

**President Kurt Ley** began his career as a geologist for Superior Oil in 1981. He later worked for Tenneco, Apache, and Stroud Production before co-founding Kingwood Exploration in 2007. He has served on several industry and local boards and was SGS President in 2008. Kurt and his wife Patti stay busy with their 10 grandchildren, but in their spare time, they enjoy traveling – splitting their trips between mountain hikes and the beach. He is honored to serve as President of the SGS Board again this year.

**First Vice President Bezany Branton**, has been a geologist at Jones Environmental, Inc. for 19 years. She moved from Venezuela in 1997 to attend Louisiana Tech University. She graduated with a BS in Geology in 2004. In her free time, she enjoys spending time with her adorable kids, Leo and Vanessa, and their puppies, Rocco and Bruno.

**Second Vice President Bobby Raines** has worked as an oil and gas geologist and environmental geologist in the Shreveport area for the past 38 years. Bobby graduated from Northeast Louisiana University (Now ULM) with a BS in Geology in 1982. He most recently worked at Cardinal Gas Storage Partners and ALTEC Environmental Consulting. He is currently self-employed providing oil and gas/environmental consulting services. Bobby enjoys playing golf and traveling with his wife.

Meet The Board

(continued)

Secretary Kelly Byram is currently a geologist for TYGR Energy. He has spent his career generating prospects in the Ark-La-Tex for various companies including Crystal Oil, Medallion Production Co., KCS Resources and Petrohawk Energy. Kelly is a private pilot who enjoys flying whenever and wherever he can. He is married and has two sons and a daughter.

Treasurer Will Downs is an established oil and gas industry executive with 42 years of experience in public and private E&P, A&D, and service sectors. He earned a B.S. in Geology from Centenary College of Louisiana.

Board Member Miller Horton is a Geologist with Jones Environmental and looks forward to his second year as an SGS board member. In his free time, Miller enjoys hiking, bicycling, photography and spending time with his family at the lake.

Board Member Richard Taylor is serving his second term on the Board of Directors for SGS. He carried the positions of 2nd Vice President and President from 2005-2007. Mr. Taylor has been an independent geologist for most of his career. In his free time, he enjoys listening to local musicians with friends.
Meet The Board
(continued)

**Board Member Mark S. Moore** is President of Approach Environmental. He has worked as a geologist since 1986 in oil and gas exploration, production, and environmental consulting. Mark holds a B.S. in Geology and A.S. in Petroleum Engineering Technology from Louisiana Tech as well as P.G. certification in Arkansas, Texas, and Louisiana. He and his wife, Janet, have two children and two grandchildren. Mark serves as a Deacon at First Baptist Bossier City, where he and Janet have been active members since 1992. Mark and Janet enjoy traveling and spending time with their family, especially the grandchildren, and friends.

**Board Member Kevin Hill** has worked as a consulting geophysicist/geologist in the Shreveport area for the past 38 years. Prior to that, Kevin worked for Sonat, Forest Oil and Cities Service. LSU (BR) bestowed a BS-Professional degree on Kevin in 1977. He is currently president and CEO of Hill Geophysical Consulting, LLC and has worked around the world in oil and gas, mining and property valuation. He is past president and an honorary member of the SGS. When he isn’t staring at his workstation, Kevin likes to play guitar and also travel to exotic places to see the sights and take in the food and wine.

**Executive Assistant to the Board Annie Green** is a Geotech for Nadel and Gussman and looks forward to her seventh year working with Shreveport Geological Society. Additionally, she serves as Chairman of the Metropolitan Planning Commission, Vice President of the Christmas Festival, and Board Member of National Night Out in her hometown. In her free time, Annie enjoys outdoor adventures with her husband and three sons.

Biography

Amy Close has 22 years of experience in the petroleum industry, with a focus on acquisitions, divestitures, exploration, and asset development. With experience in multiple US basins, as well as offshore and international experience, she has led teams in over $1 billion in total acquisitions and over half a billion in divestitures while managing large assets and improving production.

Currently, Amy serves as the VP of Business Development and Geoscience at Digital Operating Company, responsible for identifying and developing new business opportunities that align with the overall company strategy. Prior to her current role, Amy was Director of Geoscience at Laredo Petroleum. She is past president of Tulsa Geological Society, Tulsa Geological Foundation Board member, ADAM Tulsa Board member, and O&G Committee member Tulsa Irish Fest.

Abstract

The Permian Basin is a world-renowned oil and gas producing region located in West Texas and southeastern New Mexico. It is named after the Permian geologic time, which occurred from 251 to 291 million years ago. The basin is known for its rich exploration and development history, combined with a perfect geologic setting that has made it a super

basin, taking its place at the table with other major oil and gas producers in the Middle East and Latin America.

Since the first well was drilled in 1920, this area has produced over 30 billion barrels of oil, with almost an equal amount still remaining. The Permian Basin has evolved over the years, with innovative technologies and innovations leading to increased production levels. In the 2010s, horizontal drilling revitalized the basin, with unconventional targets dominating the drilling program in the region.

This drilling has triggered record production levels, courtesy of the swallow sea depositional system during the Lower Permian time. The potential for oil and gas production in the Permian Basin remains high, with almost half of the original oil still to be recovered.

This presentation aims to provide an overview of the Permian Basin's history of deposition, the expansion of oil and gas production, and the potential production remaining from multiple targets. It will delve into the geologic setting of the region, the evolution of drilling technology, and the impact of horizontal drilling on the basin's production levels. Additionally, it will explore the potential for future production in the Permian Basin, including the multiple targets that are yet to be explored.

Overall, the Permian Basin continues to be one of the most important oil and gas producing regions in the world, with a rich history and promising future.

Mock Dig Volunteers Needed

Each year the Shreveport Geological Society participates in the Red River Revel by organizing the Mock Geological Dig, courtesy of Security Exploration. SGS members volunteer to introduce young people to the excitement of scientific discovery. Rocks, minerals and fossils are scattered in a giant sand box that is roped off in squares, just like a real geological dig!

Children are encouraged to claim a section and hunt for quartz, pyrite, sharks' teeth, and polished rocks for 15-30 minutes, after which SGS members tell them about what they found and get to take home. Volunteers with or without a geology background can help reseed the dig. Young adults high-school- to college-aged are encouraged to volunteer at the dig along with SGS members to learn more about rocks and minerals and to understand how important science is in our community.

Please volunteer for a shift that fits your schedule! You will also receive a commemorative t-shirt. More details coming soon.

The Mock Dig will be open

Dear Friends and Sponsors of the Shreveport Geological and Ark-La-Tex Landman Societies:

It’s that time of the year again to announce the upcoming SGS/ALTA PL Golf Tournament to be held at East Ridge Country Club on Friday, October 6, 2023. The event will kick off with breakfast at 7:00 a.m. followed by a shotgun start at 8:00 a.m. Lunch will be at 11:30 a.m. and proceed with a shotgun start at 1:00 p.m. followed by an evening of food, beverages, awards, and door prizes.

Please consider and respond as soon as possible with your much-appreciated sponsorship, so a realistic budget can be proposed by our planning committee. A prompt response will also assure that your contribution will be affirmed and recognized by all in attendance. All sponsors will be included on a banner which will be displayed at check-in and at the awards reception.

Potential Sponsorship Categories
Sponsor: all gift amounts accepted and appreciated
Hole Sponsor: $500
Lunch Sponsor: $1,500
Tournament Hat Sponsor: $2,000
Awards Dinner Sponsor: $3,000
Tournament Shirt Sponsor: $5,000

Also, if your company has merchandise which they would like to add as tee gifts please send them (240 count) to the address listed below.

PLEASE DIRECT ALL FINANCIAL CONTRIBUTIONS TO:

ALTAPL/SGS Golf Tournament
P.O. Box 1296
Shreveport, LA 71163

*** Make checks payable to the ALTA PL and state in the Memo your desired sponsorship category ***

We look forward to your involvement not only in sponsorship, but also in the camaraderie of the golf tournament. If you have any questions please call us at the numbers listed or email us at golf.altapl@gmail.com.

Sincerely,

Your 2023 Tournament Committee

30th ANNUAL ALTAPL-SGS  
GOLF TOURNAMENT  
P.O. Box 1296  
Shreveport, LA 71163

Friday, October 6, 2023  
Start at 8:00 am and 1:00 P.M.  
East Ridge Country Club

The golf entry fee includes green fees, golf cart, golf apparel, hamburger bar lunch, hors d'oeuvres dinner, beverages, and door prizes. The Social Fee includes dinner, beverages, door prizes and entertainment. *The social fee must be paid ahead of time as no money will be collected at the door.

The golf tournament will be a flighted four man scramble. Assemble your foursome with all handicaps as well as contact phone number, email address and SHIRT SIZE (or we will give you a smedium).

A handicap MUST be listed for each member of your foursome in order to properly flight the teams. Prizes will be rewarded for flight winners, hole-in-ones, closest to the hole on all par threes and winners of the long drive contests.

Due to the overwhelming popularity of this annual event, the tournament will be held for society members and guests only. Please make sure your SGS & ALTAPL dues are current and please make sure team payment is made timely!

The deadline for entering will be Friday, September 29, 2023 and will be limited to a first come first served basis. The field is LIMITED TO 60 TEAMS, 30 IN THE MORNING WITH A 8:00 AM SHOTGUN AND 30 IN THE AFTERNOON WITH A 1:00 PM SHOTGUN.

The event will kick off with breakfast at 7:00 followed by a shotgun start at 8:00 a.m. Lunch will be at 11:30 a.m. and proceed with a shotgun start at 1:00 p.m. followed by an evening of food, beverages, awards, and door prizes.

If you have any questions, please call us at the numbers listed or email us at golf.altapl@gmail.com.

Sincerely,

Your 2023 Tournament Committee

Meeting Videos Online Now

Visit https://sgs1.org/continuing-education to find recordings from this year’s meetings available for $10 each. Contact ShreveportGeological@gmail.com if you have any issues.

Continuing Education

Shreveport Geological Society members can earn continuing education credit by participating in short courses offered by the SGS on an annual basis, and by taking advantage of the opportunities for continuing education provided below. Fifteen (15) hours of continuing education are required for the annual renewal of a PG license, with one of those hours in the area of Professional Ethics. Visit the Louisiana Board of Professional Geoscientists website for more information. If you have suggestions for continuing education opportunities, please submit them here.

Upcoming Opportunities

Check back soon for more.

SGS Meeting Videos

[Images of meeting videos]

- Exploration for Precious and Base Metals in Alaska - The Last Frontier
  - $10.00
  - Presented by George W. Roth on September 21, 2021

- Coring and New Technology
  - $10.00
  - Presented by Blake Mock on October 19, 2021

- Making the most out of your geochemical data
  - $10.00
  - Presented by Craig D. Barrie on November 16, 2021

Invest in the Future

You can donate to the SGS Scholarship Fund online at SGS1.org or by writing a check to the SGS with “Scholarship” in the memo line, and you may include an “in memory of” or “in honor of” note as well.

Mail to: Shreveport Geological Society,
P.O Box 750, Shreveport, LA 71162.
See Permits listed on previous and following pages.

Geoscientist Licensing in Louisiana

Did you know?

When you attend a monthly Shreveport Geological Society meeting, you earn one hour of continuing education credit for your LBOPG license. This is a simple and enjoyable way to get your hours! You can also find links to continuing education ethics credit courses at https://sgs1.org/continuing-education/.

Ready to track your CE hours?

Visit the LBOPG website today to download your continuing education log template lbopg.org/resources/continuing-education

![Image](https://example.com/image.png)
Like what you see?
Fill out and mail in this form or find it online at [SGS1.org](http://www.sgs1.org).

You can renew online instead of filling out this card!
