- Elementary knowledge in After Effects

## ABOUT ME

I am a junior graphic designer with an assortment of industry experience gained through internships and freelancing in graphic design and in the television industry. My key competencies are - Print and digital design; Adobe programs; TV & film production.

## EXPERIENCE

### Graphic designer at Northmedia

*Freelance. Autumn 2016*

I helped a private business deliver projects for various clients by designing logos, layouts and more. Through this position I gained more exposure to Adobe After Effects for making motion graphics, which I later used in several film projects.

### Graphic designer

*Freelance. 2011-2017*

As a freelancer, I've worked with various clients to help them deliver their project design briefs – you can see examples on my webpage.

### Camera assistant.

*Freelance. 2011- 2016*

As a camera assistant I worked with 2 of Norway's largest TV stations assisting the filming of Norwegian TV shows and sporting events. Norwegian TV shows included Artist galaen and 4 stjerners middag (Come Dine with Me) and the movie Burning.

### Los&co Norway.

*Internship. Spring 2016*

Los&co is Norway's leading marketing agency. At this internship I worked with banners, and editing posts for Facebook and Instagram. I also worked on several pitches that include editing pictures, working with illustrations, infographics and PowerPoints. I also produced a lot of graphic elements and posters.

## PROJECTS

### Norwegian toll customs

Rebecca Urquhart and I collaborated on a project from Norwegian Toll customs through our internship at Geelmuyden Kiese. Norwegian Toll customs were launching a new app – I designed all the illustrations and contributed to designing the brochure and marketing information on advertising displays for airports in Norway.

### Drama- og teaterpedagogene

I collaborated with Drama- og teaterpedagogene, it is a special interest group, working politically to promote drama and theater arts in schools. I worked with them to develop their design specification and produce a layout for a report.

## EXPERIENCE CONTINUED

### Los&co Norway.

*Internship. Spring 2016*

Los&co is Norway's leading marketing agency. At this internship I worked with banners, and editing posts for Facebook and Instagram. I also worked on several pitches that include editing pictures, working with illustrations, infographics and PowerPoints. I also produced a lot of graphic elements and posters.

### Tidal music Norway

*Internship. Spring 2016*

Working in-house at Tidal, I designed for album launches and campaigns by editing pictures; designing banners and graphic elements for their social media pages, web magazine and online streaming platform.

### Geelmuyden Kiese Norway

*Internship. Autumn 2015-2016*

GK is Scandinavia's largest partner owned communications agency. I worked on a variety of projects including, illustration; making PowerPoint presentations; brochures; mail invitations; banners for web and advertisement boards.

## EDUCATION

### Westerdals school of arts communication and technology

*2012- 2015*

### Kingston University, London

*Autumn 2014*

Exchange student, Graphic design.

### Sørumsand upper secondary school

*2008- 2011*

Media and communication with specialization in graphic design.
