

Dietary or allergen concerns? We've got options for you!

This information is meant to provide guidance and information to our valued customers. Please note that these options are presented with the best information that we have available from evaluation of our recipes and labels of products like mayonnaise and spices that we use to prepare our dishes.

All of our food is prepared with care in our kitchen here at our Hillman City restaurant. That means that all of our menu items - including those identified here as gluten-free, vegetarian, and vegan - are prepared in a kitchen that handles gluten and animal products.

We proudly serve chicken that is humanely raised in the Pacific Northwest on vegetarian feed. Our chickens are antibiotic and hormone free, fresh, and never frozen.

Please email us at info@bigchickie.com if you have questions! We can't wait to serve you some delicious homemade food.
