17th ANNUAL

Circle of Support Luncheon

Presented by Caminar and our division,
Family & Children Services of Silicon Valley

Underwriter Invitation

April 24, 2020 · 11 AM to 1 PM
Sharon Heights Golf & Country Club, Menlo Park
February 2020

Dear Friend,

I am excited to write to you today about our upcoming event. On April 24, 2020, we will welcome close to 300 guests, predominantly from the Peninsula and Silicon Valley, to our 17th Annual Circle of Support Luncheon at Sharon Heights Golf & Country Club in Menlo Park. This annual event brings together local philanthropists, business leaders, and engaged community members to learn from renowned speakers about timely issues affecting our community.

Nationally recognized child and adolescent psychiatrist Dr. Jess Shatkin (Born to Be Wild: Why Teens Take Risks, and How We Can Help Keep Them Safe) will be our speaker this year. With two decades of research and clinical experience, along with cutting-edge findings from brain science, evolutionary psychology, game theory, and other disciplines, and his own perspective of a concerned dad, Dr. Shatkin offers a fresh and engaging look at adolescent mental health.

As always, the Circle of Support Luncheon has complementary goals: (1) to increase awareness and understanding of emerging behavioral health needs in our region, and (2) to raise funds that directly support the delivery of crucial behavioral health and supportive services for local youth and families.

We invite you to join us as an underwriter of this year’s 17th annual event. Enclosed you will find more information about this event and opportunities to highlight your commitment to the health and well-being of local individuals and families to our esteemed audience and our full community of supporters.

Sincerely,

Mark Cloutier, MPP, MPH
Chief Executive Officer

P.S. As you may know, Family & Children Services of Silicon Valley and Caminar merged in January 2017. FCS continues its critical work as a division of Caminar.
**Introduction**

**Caminar** and our **Family & Children Services of Silicon Valley** division reached more than 20,000 people on the Peninsula and in Silicon Valley last year. Our behavioral health and supportive services address issues fundamental to the health and well-being of local individuals and families: mental health, substance abuse, family violence prevention, youth development, housing, and employment.

In June 2018, we expanded our commitment to our community by welcoming **Project Ninety**, based in San Mateo County, to the Caminar family. Combined, Caminar and our Family & Children Services of Silicon Valley and Project Ninety divisions have more than 170 years of experience providing behavioral health and supportive services on the Peninsula and in Silicon Valley.

**The Circle of Support Luncheon** is known for its top quality speakers on timely issues important to the health and well-being of our community. **Past speakers** include: David Sheff (*Beautiful Boy: A Father’s Journey Through His Son’s Addiction*; *Clean: Overcoming Addiction and Ending America’s Greatest Tragedy*); Dr. Tina Payne Bryson (*The Yes Brain: How to Cultivate Courage, Curiosity, and Resilience in Your Child*); Sam Quinones (*Dreamland: The Tale of America’s Opiate Epidemic*); MacArthur Genius Fellow Dr. Robert Sapolsky (*Why Zebras Don’t Get Ulcers*); and Transgender Icon Dr. Marci Bowers.

The **audience of 300 guests** includes business leaders, philanthropists, parents, grandparents, mental health professionals, health care providers and administrators, elected officials, and other community leaders interested in emotional health and well-being. Guests attend from throughout the Bay Area and live primarily on the Peninsula and especially in Atherton, Menlo Park, Palo Alto, Los Altos, Los Altos Hills, and Hillsborough.

**The 17th Annual Event – April 24, 2020**

Guests will have the chance to hear from nationally-recognized adolescent psychiatrist and educator **Dr. Jess Shatkin**, author of *Born to Be Wild: Why Teens Take Risks, and How We Can Help Keep Them Safe*.

We are honored to announce the first annual **Barbara E. Jones Award for Community Leadership**, which will be presented at this year's event.

Barbara became involved with our FCS division as a donor nearly 20 years ago and as a valued member of our Board of Directors in 2012. Barbara cared deeply about ensuring adolescents and those who were underserved had access to quality behavioral health care and educational opportunities.

The Barbara E. Jones Award for Community Leadership will honor an individual or organization taking innovative approaches to mental health care through thought leadership, program implementation, or funding.

Our Services

Through the understanding of root causes, Caminar transforms the lives of more than 20,000 people each year with our evidence-based prevention, treatment, and recovery services. Our clients are among the most vulnerable people in our community, at greatest risk of slipping through the cracks and in the most need of finding wellness.

We leverage our full complement of effective, solution-focused, and science-based services to move the needle on pressing needs affecting the health of individuals, families, and communities. These pressing, complex needs include mental wellness, addiction recovery, homelessness, family violence prevention, and more.

During the last year:

- >20,000 children, teens, and adults served with compassion through science-driven programs
- >10,000 people learned from our LGBTQ programs to create environments that embody the values of equity, diversity, and inclusion
- >3,500 individuals received residential or outpatient mental health, case management, and wellness services
- >3,300 adults treated and supported to move forward in recovery from addiction
- >1,100 local youth, families, and teachers accessed on-campus counseling, consultation, and support
- >1,100 individuals accessed life-changing housing assistance and homelessness prevention services
- >900 young adults and adults received specialized coaching and assistance to build networks of support, resume their educations, or reenter the workforce
- >800 young adults and adults gained skills to break cycles of family violence and prevention

A local mom
My daughter began the year suicidal. Thanks to her therapist, she ended the year in better shape than she’s been in many years.
