### Final Remarks and Contact Information

---

There is a possibility that the conference dates change from April 17-19 to April 16-18. Scheduling issues have made it difficult to find suitable locations for the banquet as well as the concrete canoe and steel bridge competitions. All attempts are being made to make this conference as convenient as possible for the visiting universities, and to assure that the competitions run smoothly. So, in order to facilitate this, the dates may change to accommodate competition location changes and availability. We promise to confirm the date before the end of November, but we are striving for much sooner than that. We appreciate your understanding and cannot wait for a wonderful ASCE Great Lakes Student Conference in 2015.

The competitions that will be included in this conference are as follows:

- Concrete Canoe
- Steel Bridge
- Materials
- Environmental
- Surveying
- Technical Paper
- Quiz Bowl
- Mystery Design

The rules and specifications for these competitions (with the exception of concrete canoe and steel bridge) will be released with Mailer II on November 1. The rules for concrete canoe and steel bridge are nationally mandated and can be verified through ASCE National.
