

## Thank you for becoming a Member of the Bloom Room Collective.

Welcome to our Collective. In order that we may best serve you and the community, below are the rules and policies for continued membership:

A physician recommendation or approval for use of medical cannabis must be kept current at all times. Only valid Collective Patient/Members may enter the Collective Facility. The Patient/Member is responsible for knowing when their recommendation or approval expires and submitting the updated documentation prior to said expiration. All recommendations and approvals, both initial and renewals, will be verified by the Collective.

Submission of false identification or intentionally misleading forms, documents, and/or records shall be grounds for expulsion from the Collective and cancellation of membership.

Medical cannabis obtained through the Collective is for the personal medical use of the Patient/Member only, and may not be redistributed to any other person for any purpose. Such redistribution shall be grounds for expulsion from the Collective and cancellation of membership.

The Member/Patient hereby authorizes the Collective and the use of their physician recommendation or approval to support the Collective's cultivation of medical cannabis for and/on behalf of our members/community.

All Collective Patients/Members shall be respectful and cognizant of the other Collective Members, Employees, and Neighbors at all times. There is no offensive conduct or language allowed in the Collective Facility. Redistribution or re-sale of medicine, loitering, loud noise, and smoking medicine in the vicinity of the Collective Facility is strictly prohibited. Violation of these rules shall be grounds for expulsion from the Collective and cancellation of membership.

The Patient/Member agrees to reimburse the Collective for the actual cost of cultivation or acquisition of medical cannabis, services, expenses and maintenance of the Collective. Services of the Collective may include, but are not limited to, massage, counseling, acupuncture, and food. Maintenance and expenses of the Collective may include, but are not limited to, rent, salaries, insurance, utilities, and other expenses incurred by the Collective as a direct result of providing for the Collective Member's medical needs.

Any funds remaining after all expenses incurred by the Collective are distributed, maybe provided to the Collective Members in the form of services, medicine, and/or disbursement in a manner that is for the benefit of the Collective Members including, but not limited to charitable donations. Decisions regarding resource distribution shall be determined by management.

**I hereby agree to the Collectives above stated rules and policies.**
