INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Mobile Medical Disaster Relief, Inc.

We have audited the accompanying financial statements of Mobile Medical Disaster Relief, Inc. (a Tennessee not-for-profit corporation, the "Organization") which comprise the statements of financial position as of December 31, 2013 and 2012, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mobile Medical Disaster Relief, Inc. as of December 31, 2013 and 2012, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2013 AND 2012**

NOTE 1 - ORGANIZATION AND NATURE OF ACTIVITIES

Believing that Jesus, the Messiah, calls us to be advocates of those in need, Mobile Medical Disaster Relief, Inc. (the "Organization") was founded in December, 2005 as a Tennessee not-for-profit corporation committed to providing medical aid to the vulnerable and underserved people in the United States and throughout the world. It is their desire to make a lasting impact on the future of a community by aiding local entities in providing medicine and health care services to the people of impoverished and crisis areas. The Organization's primary sources of support are donated medical supplies, physician services and cash contributions. The Organization currently operates from donated facilities located in Brentwood, Tennessee.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Cash

Restricted cash is limited in use to payment of costs of constructing and operating a new facility in Haiti, supporting an orphanage, and direct employee financial support.

The Company maintains cash on deposit at financial institutions which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and management believes the Company is not exposed to significant credit risk related to cash.

Inventory

Inventory consists of donated medical and project supplies and is reported at estimated fair market value at date of donation.

Property, Equipment and Depreciation

Property and equipment is stated at acquisition cost or at estimated fair value at the time of the gift, if donated. The cost of land and equipment purchased in excess of \$1,000 is capitalized. Depreciation is calculated by the straight-line method over the estimated useful life of the related assets (five to seven years).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurement and Income Recognition

Level 1 Inputs - Fair values are based on quoted prices (unadjusted) in active markets for identical assets that the Organization has the ability to access at the measurement date (e.g. prices derived from NYSE, NASDAQ, or Chicago Board of Trade).

Level 2 Inputs - Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly (e.g. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs included in quoted prices for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include significant adjustments for market observable inputs.

Level 3 Inputs - Fair values are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Organization's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances. An example would be real estate valuations, which require significant judgment.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received.

All investments were measured at fair value using level 1 inputs at December 31, 2013 and 2012.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a restriction is fulfilled (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted and reported in the Statements of Activities and Changes in Net Assets as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the support is reported as unrestricted.

Income Taxes

The Organization is a not-for-profit corporation exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service (IRS) as other than a private foundation.

**MOBILE MEDICAL DISASTER RELIEF, INC.
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2013 AND 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require the Organization's management to evaluate tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Organization's management has analyzed the tax positions taken by the Organization and has concluded that as of December 31, 2013 no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Organization is no longer subject to routine audits by federal taxing jurisdictions for periods beginning before December 31, 2011.

Donated Facilities, Supplies, and Services

Donated facilities are recorded as support in the period received at their estimated fair value, if there is an objective and measurable basis for determining such value. Donated facilities for the year ended December 31, 2013 and 2012 was \$12,000 and \$38,758 respectively.

Donated supplies are recorded as support in the period received at their estimated fair value, if there is an objective and measurable basis for determining such value. Donated supplies for the year ended December 31, 2013 and 2012 was \$166,953 and \$174,623 respectively.

Donated services are recognized as support if they create or enhance nonfinancial assets or the donated service requires specialized skills, was performed by a donor who possess such skills, and would have been purchased by the Organization, if not donated. Such services are recognized at estimated fair value as support and expense in the period the services were performed. Donated services for the year ended December 31, 2013 and 2012 was \$7,540 and \$20,251 respectively.

A number of unpaid volunteers have made significant contributions of their time to assist the Organization in achieving its stated goals. The value of contributed time is not reflected in these financial statements since it is not susceptible to objective measurement or valuation.

NOTE 3 - INVESTMENTS

The investments consist of cash and marketable securities and are presented in the financial statements at fair value based on quoted prices in active markets (all Level 1 measurements). Market risk could occur and is dependent on the future changes in market prices of the various investments held.

The temporary restrictions on net assets are for capital projects, direct employee financial support, and orphanage support in Haiti. There were no permanently restricted net assets as of December 31, 2013 and 2012.

NOTE 6 - FOREIGN OPERATIONS

The Organization operates a mission base in Haiti. Approximately \$1,585,787 and \$538,400 of the net assets reported in the accompanying statements of financial position relate to that facility as of December 31, 2013 and 2012 respectively.

NOTE 7 - RELATED PARTY TRANSACTIONS

A board member / officer of the Organization contributes a significant percentage of cash contributions and donated physician services to the Organization.

During 2013, the Organization received approximately \$102,500 in donated supplies from members of the board of directors.

During 2012, the Organization utilized a facility free of charge from a medical practice owned by this board member / officer. The medical practice contributed the use of its staff, some office supplies and office equipment and paid for the insurance policy which covered both the practice and the Organization.
